

LIBRARIANS MEET

ASSOCIATION

TO GATHER IN PORTLAND.

Population With a Great Field for Librarianship in Educational and Social Work—First Session to be Held in the Northwest—Preliminary Meeting of all Interested in the Northwest Association of Librarians Will Be Held in Portland December 27.

During the first week in July, the annual conference of the American Library Association will be held in Portland, Oregon. This is an opportunity which must not be neglected by all those interested in the library development and educational progress of our state. The American Library Association had its inception in Philadelphia during the centennial year, 1876. Since that time year conferences have been held covering the country from the Atlantic seaboard to California, from Atlanta, Georgia, in the south, to Montreal in the north.

These meetings are of a strictly practical nature, one object is constantly kept in view, the co-operation among librarians in the interest of better and more economical administration, looking to a more efficient and satisfactory service of the public.

Among the subjects usually discussed are: The best library legislation; how to further the establishment of libraries in every community; the wise selection of books; the best methods of cataloging and classification; library records and bookkeeping, and above all, the educational and missionary features of library work, reaching the young people through the schools, and the adults by means of traveling libraries, delivery stations, etc.

The conference of the A. L. A. have aroused an interest in library matters wherever they have been held. Those attending the meetings of this body of earnest men and women working together with definite purpose cannot fail to be convinced of the necessity of a library to a community as part of its educational equipment, supplementing the work of the teacher in the public school and giving young men and women whose school life must end early, the opportunity for self-education. Every man and woman interested in good citizenship, in library development, in the general progress of education in this our state of Oregon, should set aside those first few days in July for a visit to Portland to attend these meetings.

The librarians of Oregon are scattered over a wide area of country. The time is now ripe for organization so that yearly or half-yearly meetings may be held of one or two days' duration for better acquaintance with one another, for consideration of plans and discussion of methods. A meeting of all those interested in library work and of all librarians present or prospective, will be held in the Portland public library, corner Seventh and Stark streets, Portland, on the morning of Tuesday, December 27, at 10 o'clock. Will all those interested in this movement, or desiring further information, please write immediately to Miss Mary Frances Isom, librarian of the Portland public library, Portland, Ore.

151ST ANNIVERSARY.

Boston "Tea Party" Was On December 16, 1773.

Boston, Mass., Dec. 16.—Under the auspices of the various patriotic and historical societies exercises were held today in celebration of the anniversary of the Boston Tea Party which took place December 16, 1773, when tea on which the colonists were expected to pay the hated stamps tax was dumped into the harbor by prominent Bostonians disguised as Indians. The party which had been organized at Cole's Inn, now known as the Hancock tavern, swept down upon the ships, boarded them and threw their cargoes into the sea.

This action has been regarded as one of the most provocative of the revolution, as the British officers were never able to discover or convict a single man connected with the raid, although it was led by Paul Revere and other well known characters.

FUNERAL OF OOM PAUL.

Held on 24th Anniversary of Declaration of Independence.

Pretoria, Dec. 16.—The funeral today of Mr. Kruger was made the occasion for a great demonstration of the respect and affection in which the memory of the late president is held by the people of the Transvaal. The sentimental interest attached to the occasion was increased by the fact that today was the anniversary of that day in 1850 when, under the leadership of Mr. Kruger, met and swore to fight for independence.

In conformity with the well known views of the late president the funeral ceremonies were of a simple character, though none the less impressive. Thousands of citizens of the Transvaal as well as of the former republic of Orange, assembled to do honor to the remains.

To Further Arbitration.

New York, Dec. 16.—In order to obtain an expression of local opinion favorable to international arbitration and especially to the treaties recently negotiated to that end by Secretary Hay, a public meeting will be held in Carnegie Hall tonight. Among the invited speakers are Mayor McCheslan, Governor Odell, Bishop Potter, Carl Schurz and John Mitchell, of the Miners' union.

Mississippi Horticulturists.

Jackson, Miss., Dec. 16.—At a well attended meeting here today steps were taken toward the organization of a state horticultural society. Those present at the meeting included prominent fruit growers and planters from many parts of the state. Addresses pointing out the benefits to be derived from organization were delivered by Rowland Merrill of Texas, and others.

BEAUTY OF SKIN PURITY OF BLOOD

Ancient and Modern Ideas on These Interesting Subjects.

UP-TO-DATE METHODS

For Purifying and Beautifying the Skin, Scalp, Hair and Hands.

Socrates called beauty a short-lived tyranny, Plato a privilege of nature, Theocritus, a delightful prejudice, Theophrastus a silent cheat, Carnegies a solitary kingdom, Homer a glorious gift of nature, Ovid a favor of the gods. Aristotle affirmed that beauty was better than all the letters of recommendation in the world, and yet none of these distinguished authorities has left us even a hint of how beauty is to be perpetuated, or the ravages of age and disease defied. Time soon blends the lily and the rose into the pallor of age, disease dots the fair face with cutaneous disfigurements and crimson the Roman nose with unsightly flushes, moth, if not rust, corrupts the glory of eyes, teeth, and lips yet beautiful by defacing the complexion, and fills the sensitive soul with agony.

If such be the unhappy condition of one afflicted with slight skin blemishes, what must be the feelings of those in whom torturing humors have for years run riot, covering the skin with scales and sores and charging the blood with poisonous elements to become a part of the system until death?

It is in the treatment of torturing, disfiguring humors and affections of the skin, scalp and blood, with loss of hair, that the Cuticura remedies have achieved their greatest success. Original in composition, scientifically compounded, absolutely pure, unchangeable in any climate, always ready, and agreeable to the most delicate and sensitive, they present to young and old the most successful curatives of modern times.
